Introduction to Children's Advance Care Planning

Northwest Children's Palliative Care Network — Joining Together

NORTHWEST CHILDREN'S PALLIATIVE CARE NETWORK AND NORTHWEST AMBULANCE SERVICE (NWS)

An interactive multi-professional half day workshop using experiential techniques

For professionals working with children and young people with complex long term conditions or palliative care needs

Facilitated by experts and delivered in your local paediatric unit

At the end of the workshops delegates will

- Understand the concept of Advance Care Planning
- Be able to recognize babies, children and young people who may benefit from an Advance Care Plan
- Be familiar with the Northwest Children's Network Advance Care Plan document
- Be more confident to introduce the concept of Advance Care Planning to a child's family
